

Hello Andreas,

The furniture has arrived in PERFECT condition. The packaging of the furniture was amazing!! I have unwrapped the table, one table chair and bar stool and all is amazing beautiful. My brother and I could not believe how heavy the table was and I almost had to call another brother for help. My brother like the table too!

I am extremely pleased! The table is so unique and a perfect balance in leaving enough natural imperfection and smoothing the wood to show the beauty of the wood grain pattern. The chairs compliment the tables and comfortable.

Importing the furniture was easy thanks to ProFrieight.

I look forward in placing another order most likely in the fall. Have not decide on a display cabinet only or an entertainment center with a coffee table and lamp tables.

Thank you,

Alan Groll
